

PROFESSIONAL HEADPHONES

User Guide

Thank you for purchasing the LyxPro HAS-15 professional headphones. This User Guide is intended to provide you with guidelines to ensure that operation of this product is safe and does not pose risk to the user. Any use that does not conform to the guidelines described in this User Guide may void the limited warranty. For the safe and correct use of this product, please read this guide before using the product and keep these instructions for reference.

Designed to deliver rich, natural, distortion-free sound, the studio-quality HAS-15 headphones are ideal for recording, monitoring, mixing, or simply enjoying your favorite music, movies, and games. A circumaural design provides excellent sound isolation in any environment. Enjoy powerful, crisp, detailed sound from the latest state-of-the-art 45mm neodymium magnet drivers.

- 4.9 ft. – 13 ft. coiled cable
- 3.5mm (1/8") female to 6.3mm (1/4") headphone adapter
- Carrying pouch
- User guide

Usage Tips:

- **WARNING:** Using headphones at high volume for extended periods of time will result in permanent hearing damage. It is advised you keep volume levels moderate to low at all times for your safety. Do not use while driving a vehicle, cycling, operating machinery, or performing other activities that require hearing surrounding sounds.
- It is advised to turn the volume on your device all the way down before connecting your headphones; then gradually increase the volume until you reach a comfortable listening level.
- Attach headphones to audio device using the 3.5mm connector. When connecting to some professional equipment, the 1/4" adapter may be necessary. Attach the 1/4" adapter to the 3.5mm connector. Screw adapter in place to secure.

- When not in use, store the unit in a cool, dry place.
- Clean with a soft cloth dampened with a solution of diluted soapy water if necessary. Never use chemical cleaners.
- There are no user replaceable/reparable parts in the headphone.
- Do not expose the headphones to liquids. If the device becomes wet, quickly wipe it dry. If the unit is accidentally submersed in water, do not use it until it is completely dry.
- Do not expose the headphones to direct sunlight or heat sources for extended periods of time.
