

# VRI20 PORTABLE MICROPHONE BOOTH User Manual

## Hello!

Welcome to the LyxPro™ family. This guide helps you get to know your new microphone booth a little better. For additional information and technical support, please contact our helpful team at [info@lyxpro.com](mailto:info@lyxpro.com).

## Intended Use

This portable microphone booth is designed to reduce room ambience when recording vocals and other live recording devices. Its walls consist of metal and foam panels that can be easily positioned behind your microphone to create a 'dry' recording in any environment.

## What's in the Box?

- 1 x Microphone Booth
- 1 x Microphone Riser
- 1 x Dual Riser Screw
- 1 x Flat Support Bar
- 1 x Step Support Bar
- 4 x Mounting Screw
- 2 x Metal Washer
- 1 x User's Guide

## Mounting Your Microphone

1. Align screw holes of both support bars, and fasten using two screws.
2. Locate threaded screw holes on back of microphone booth.
3. Align long cutout of flat support bar with either mounting hole.
4. Fasten using remaining mounting screws. Use washers if desired.
5. Separate dual riser screw by turning top piece counterclockwise.
6. Stick threaded male end through cutout on step support bar.
7. Fasten by reconnecting second piece and turning clockwise.
8. Connect microphone riser to screw bottom by turning clockwise.
9. To extend riser range, loosen range lock by turning counterclockwise.
